REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art does not teach nor render obvious the instantly claimed invention. The prior art does not teach the growth of the waveguide layers as is now claimed. There is no teaching to have the two layers both with a carbon dopant with ascending and descending germanium concentrations. The prior art also does not teach the growth on the etched layer not in the patterned. There is no suggestion in the art to modify the processes or waveguides to grow as instantly claimed and still produce the desired waveguide.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert M Kunemund whose telephone number is 703-308-1091. The examiner can normally be reached on 8 hours.
